NEWCASTLE ONE STRAWBERRY LANE

Our roots are firmly planted in the heart of the city, just a stone's throw from St James' Park.

SUPPORTING, ADVISING & PROTECTING YOUR BUSINESS

From pandemics and overseas conflict to the cost of living crises and political instability at home and abroad, recent years have been rife with uncertainty for UK businesses. However, while there are still doubtless challenges ahead, there are also opportunities for businesses to flourish.

Having the necessary advisory support to guide your business through these challenges and opportunities is essential to the achievement of prosperity, a secure future and peace of mind. Yet we frequently speak to businesses who are unable to access this support from their audit and accountancy firm. Many have either outgrown their existing advisers or, increasingly, their existing advisers have outgrown them, and successful and profitable small and medium-sized businesses are often left feeling isolated and unsupported.

WE DON'T JUST PROVIDE ACCOUNTANCY SERVICES, WE BUILD RELATIONSHIPS

As the largest independent firm of accountants in the North, we at Armstrong Watson pride ourselves on being a large, local firm. With over 600 people covering the North of England and Central and Southern Scotland, we have the same local footprint and capability as many large, 'national' firms. However, with 19 offices across the region, including both town-centre premises and flagship city-centre locations, we are truly local to our clients, allowing us to be responsive and proactive, while also fully immersed in the business communities that we serve.

Our combination of scale and local focus allows us to work differently from most other firms, giving our clients 'the best of both worlds' - the capability of a large firm and the relationship-led client service ethos of an independent.
